Course Information

Care of the paediatric patient in PACU & Anaesthetics

About Our Course:

Our care of the paediatric patient in PACU & Anaesthetics course provides the confidence and competence required to effectively manage routine and emergency anaesthetic and post anaesthetic care of the paediatric patient. Our program is ANZCA PS08 compliant.

Who is the Program Designed for?:

Our Care of the Paediatric patient in PACU & Anaesthetics course is designed with Registered Nurses in mind but is also suitable for enrolled nurses, technicians and students who wish to enhance their knowledge in the perianaesthesia management of the paediatric patient.
